Personality

Open Minded

Communicative

Honest

Empathic

Goal & User-Driven

Team Player

Quick Learner

Skills

Web Development

UI Design

Problem-Solving

Languages

German (native language)

English (business fluent
spoken and written)

Technologies

Advanced knowledge

HTML, CSS, JavaScript,

TypeScript, Svelte(Kit), Figma,

Angular, PocketBase,

Storybook, Web Components,

PostgreSQL, Photoshop,

Premiere, Cypress, Playwright

Professional experience

vOffice GmbH — Neustadt (remote from Münster)

→ 02/2023 — 04/2023: Web Developer (full time)

- *Developing User Interfaces and integrating Cypress Tests for a rewrite of an existing vacation rental management application with Svelte and TypeScript*

Web Computing GmbH — Münster

→ 10/2022 — 01/2023: Web Developer (full time)

- *Developing on an existing customized analytics and report-builder web application project with Angular and Java (Spring)*

Clancy Digital GmbH — Cologne (remote from Münster)

→ 04/2022 — 09/2022: Web Developer as working student

- *Developing a real-time task management web application with SvelteKit and Supabase including end-to-end tests*
- *Creating UI mockups with Figma*

Westphalia DataLab GmbH — Münster

→ 09/2020 — 03/2022: Web Developer as working student

→ 03/2020 — 08/2020: Web Developer (full time)

→ 09/2019 — 02/2020: Web Developer as working student

→ 03/2019 — 07/2019: Web Developer as intern

- *Extending existing and creating new web application frontends with Angular, HTML, SCSS and TypeScript*
 - *various data science dashboards, quality assurance survey and reporting tool, company websites*
- *Developing web application backends with Ruby on Rails, PostgreSQL and MongoDB*
- *Creating Docker images and GitLab CI pipelines*
- *Creating UI mockups and click dummies with Figma*
- *Contributing to the construction of the design system*
- *Implementing and maintaining design system components as reusable Angular UI components*

Fundamental knowledge

Ruby on Rails, Docker, GitLab CI, GitHub Actions, Firebase, Supabase, Vercel, Netlify, Vue.js, NodeJS, Python, Imba, Java, Unity, C#, MongoDB

Hobbies

Coding, UI Design, Content Creation, Fingerboarding, Video Games, Music

Personal Projects

doTogether

stupidly simple realtime-multiplayer todo list for recurring tasks

kcalCalc

free calorie counting app designed for fast user interactions

SvelteLab

supercharged web IDE/REPL for SvelteKit projects

Education

FH Münster – Steinfurt

→ 2020 – today: Master of Science: Computer Science

Hochschule Rhein-Waal – Kamp-Lintfort

→ 2016 – 2020: Bachelor of Science: Media and Communication Computer Science

Bachelor thesis: "Angular End-to-End Testing: Overview of the state of the art by the example of Westphalia DataLab GmbH"

Grade point average 1.4

Gymnasium Aspel – Rees

→ 2008 – 2016: Abitur / higher education entrance qualification
